

OEM 243752G500 24375-2G500 VVT OCV Flow Control Valve TS16949

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: NABO
- Certification: TS16949
- Model Number: 24375-2G500
- Minimum Order Quantity: 10 PCS
- Price: \$4.85 ~ \$5.87
- Packaging Details: poly bag or air bubble bag, any boxes with customers' label, Corrugated box , Standard tray
- Delivery Time: 3~30 work days
- Payment Terms: D/P, L/C, T/T
- Supply Ability: 1000 pcs per day

Product Specification

- Application: For Hyundai
- Material: Metal + Plastic
- Engine Capacity: 2.0/2.4
- Packaging: According To Customers' Requirements
- Temperature Range: -20°C To +120°C
- Valve Type: Oil Control Valve
- Warranty: 24 Months
- Highlight: 243752G500, 24375-2G500

Product Description

VVT Oil Control Valve for 2011-2014 Hyundai Santa Fe Tucson Optima OEM 243752G500 24375-2G500

Product Description:

The Oil Control Valve (OCV) is an important component of a vehicle's engine that helps regulate the flow of oil to various engine components. It is typically controlled by the engine management system and plays a crucial role in maintaining proper oil pressure and timing for optimal engine performance.

Features:

- 1. Oil Flow Regulation:** Our oil control valve precisely controls the flow of oil to various engine components. It allows for accurate oil flow adjustment, ensuring proper lubrication and performance of critical engine parts.
- 2. Oil Pressure Regulation:** Our OCV contributes to maintaining proper oil pressure in engines equipped with variable oil pressure systems. It regulates the oil flow to ensure consistent and optimal oil pressure, which is crucial for lubrication, cooling, and protection of engine components.
- 3. Durable Construction:** Our OCV is built to withstand the rigors of engine operation. It features a robust housing and high-quality internal components that provide durability, resistance to corrosion, and long-lasting performance.
- 4. Compatibility and Easy Installation:** Our OCV is designed as a direct fit replacement for your vehicle's original equipment. It is specifically engineered to match the specifications and mounting points of your vehicle's make, model, and engine, ensuring a seamless and hassle-free installation process.

FAQ:

1. Who are we?

We are based in Guangzhou, China, start from 2018, we are specializing in all kinds of spare parts for Japanese cars and Korean cars, for example, engine parts, suspension parts, electric parts, steering parts, transmission parts, body parts. . .

2. How can we guarantee quality?

Always a pre-production sample before mass production;
Always final inspection before shipment.

3. Why should you buy from us from other suppliers?

We have experience in spare parts for more than 10+years
A large of stock
Professional export company
Accept small order
We can design anything well according to customers' requirement
